

COVID-19 risk assessment – Full re-opening of schools

Site / school name:	Pyncroft Grange Primary School		
Name(s) of person(s) covered by this assessment:	<ul style="list-style-type: none"> ▪ Students ▪ Staff: <ul style="list-style-type: none"> ▪ Classroom based staff ▪ Catering staff ▪ Cleaning staff ▪ Office staff ▪ Premises / site staff ▪ SMSAs ▪ Contractors 		
Tasks and activities covered by this risk assessment:	<ul style="list-style-type: none"> ▪ Full re-opening of schools from September 2020 ▪ Pick up and drop off from school ▪ Cleaning and sanitisation ▪ Food provision ▪ Potential remote working of some staff and students 		
Equipment and materials used:	<ul style="list-style-type: none"> ▪ General class and teaching materials ▪ Practical equipment and materials ▪ Sports and PE equipment ▪ Cleaning materials and equipment 		
Location(s) covered by this risk assessment:	<ul style="list-style-type: none"> ▪ All school premises and grounds 		
Name of person completing this risk assessment:	Sue Nardoni Nicola Colley	Date of completion:	21.08.20
Risk assessment approved by:	BET	Date of approval:	01.09.20
Date risk assessment to be reviewed by:	15.01.21	Risk assessment no:	Version 4 –14 th December 2020

Record of risk assessment reviews

Date of review:	25 th August 2020	Reviewed by:	Sue Nardoni	Comments / date of next review:	All additional changes from consultants added and delivered to staff in online training. Pupils in KS2 to wear PE kits on identified days Hand washing routines re-visited and planned within daily timetable
Date of review:	4 th September	Reviewed by:	Sue Nardoni	Comments / date of next review:	Outside visitors delivering interventions wear visors and abide by social distancing regulations.
Date of review:	5 th November	Reviewed by:	Sue Nardoni	Comments / date of next review:	To incorporate changes made to government guidance for the duration of National Lockdown Parents to wear face coverings when dropping off and collecting from school Staff wear face masks when on gate duty Additional entry and exit points for children to use who have siblings that are on a period of isolation but need to come to school when dropping off non-isolation siblings. Re-visited with staff the importance of ventilation in rooms. Signage visible
Date of review:	2 nd December	Reviewed by	Sue Nardoni	Comments / date of next review:	To incorporate changes to government guidance following end of Lockdown 2 and introduction of Local Restriction Tiers. (School in Tier 2) Singing outside in groups of 15 all children spaced and facing forward
Date of review:	10 th December	Reviewed by	Sue Nardoni	Comments / date of next review:	Free school meal vouchers issued to identified families
Date of review:	31 st December	Reviewed by	Sue Nardoni Nicola Colley	Comments / date of next review:	Tier 4 restrictions and school actions <ul style="list-style-type: none"> • Trust wide requirement for all staff to wear face coverings in all communal/public spaces • All staff and parents reminded of key safety measures in place • All internal and external meetings through TEAMS
Date of review:	5 th January	Reviewed by	Sue Nardoni Nicola Colley	Comments / date of next review:	National lockdown and schools closed apart for key worker and vulnerable children. <ul style="list-style-type: none"> • Each bubble maximum 9 and pupils to social distance (2m) • Remote teaching (TEAMS) in place. Children in school and at home can access

- Devices provided for pupils with no technology
- Parents made aware of mobile data offer
- Parents made aware of BBC teaching on tv
- FSM vouchers in place
- Strong safeguarding procedures
- Daily cleaning throughout the day.

System of controls

This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in more detail in the sections below.

Prevention:

1. Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.
 2. Where recommended, use of face coverings in schools.
 3. Clean hands thoroughly more often than usual.
 4. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.
 5. Introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach.
 6. Minimise contact between individuals and maintain social distancing wherever possible.
 7. Where necessary, wear appropriate personal protective equipment (PPE).
- Numbers 1 to 5 must be in place in all schools, all the time.
 - Number 6 must be properly considered and schools must put in place measures that suit their particular circumstances.
 - Number 7 applies in specific circumstances.

Response to any infection:

8. Engage with the NHS Test and Trace process
 9. Manage confirmed cases of coronavirus (COVID-19) amongst the school community.
 10. Contain any outbreak by following local health protection team advice.
- Numbers 8 to 10 must be followed in every case where they are relevant.

Risk assessment

What are the hazards?

- Potential for spread of COVID-19 between persons at school showing symptoms of coronavirus or those who are confirmed to have coronavirus.

Who might be harmed and how?

- Staff, pupils, contractors, and visitors may catch COVID-19 via direct or indirect contact with carriers whilst on site.
- Potential for spread to other family members / persons.

Note: We have specifically removed any rating or scoring from this risk assessment. We do not feel this adds any significant benefit to this untypical situation. You may wish to prioritise any actions, but the basis of the approach to mitigating the risks from coronavirus is such that all measures should be carried out alongside each other rather than in sequence. The planning and assessment you undertake will form the basis of an overall plan to manage the risks specific to your setting and that is the most important aspect of this process.

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
SECTION 1: PUBLIC HEALTH ADVICE TO MINIMISE CORONAVIRUS (COVID-19) RISKS					
1. Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.					
Measures to stop persons coming into school with coronavirus symptoms					
<ul style="list-style-type: none"> ▪ Ensure that pupils, staff, and other adults do not come into the school if they have coronavirus (COVID-19) symptoms or have tested positive in the last 10 days. ▪ Communicate these measures clearly to staff and the school community. Repeat on a regular basis. ▪ Public Health England is clear that routinely taking the temperature of pupils is not recommended as this is an unreliable method for identifying coronavirus. 	<ul style="list-style-type: none"> ▪ Is there a procedure in place for this? ▪ How will this be communicated to the school community? ▪ Consider what information or measures may be needed at school gates and entrances to the building, as well as on the school website. 	<p>Updated return to school plan will communicate new key changes to all members of the school community.</p> <p>Full safety measures staff training on first days back to school.</p> <p>Staff will communicate with pupils the importance of saying if they are feeling unwell.</p>	<p>Head</p> <p>SLT</p> <p>Head</p>	<p>August 20</p> <p>1/09/20</p> <p>2/09/20</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow government guidance. They must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus. If they have tested positive whilst not experiencing symptoms but develop symptoms during the isolation period, they should restart the 10-day isolation period from the day they develop symptoms. Other members of their household (including any siblings) should self-isolate for 14 days from when the symptomatic person first had symptoms. If a child is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the child and with appropriate adult supervision if required. Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. If they need to go to the bathroom while waiting to be collected, they should use a separate bathroom if possible. The bathroom must be cleaned and disinfected using standard cleaning products before being used by anyone else. PPE must be worn by staff caring for the child while they await collection if a distance of 2 metres 	<ul style="list-style-type: none"> How will visitors to site be managed? Is there a procedure for managing suspected cases of coronavirus? Is there an appropriate room identified that can be used to isolate someone with symptoms whilst they are awaiting collection? Have welfare staff and others been trained in measures to take? Have welfare staff and others been provided with PPE and training on its use? Is there a procedure for contacting the local public health protection team? 	<p>Parents have been made aware of the safety control measures in place. Signs linked to the key systems of COVID on display at all school entrances Parents and carers will agree to follow and sign the home school agreement which references COVID measures School keeps up to date with DfE NHS PHE updates and guidance Staff and pupils are made aware of the process for removing face coverings when they arrive at school and this is communicated to parents and staff. All members of the school community understand how to access a COVID test If a health concern with parent or staff member, temperature will be taken</p> <p>Suspected case of COVID Clear flow chart of procedures in all bubbles PPE in all bubbles Isolation room in place Track and Trace record sheet on each bubble entry</p>	<p>Deputy</p> <p>Deputy</p> <p>Staff</p> <p>Staff</p> <p>Head</p> <p>Staff</p>	<p>July 20</p> <p>Ongoing</p> <p>3/09/20</p> <p>Ongoing</p> <p>Sept 20</p> <p>Ongoing</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>cannot be maintained (such as for a very young child or a child with complex needs).</p> <ul style="list-style-type: none"> ▪ A fluid-resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn. ▪ Any members of staff who have helped someone with symptoms and any pupils who have been in close contact with them do not need to go home to self-isolate unless they develop symptoms themselves (in which case, they should arrange a test) or if the symptomatic person subsequently tests positive (see below) or they have been requested to do so by NHS Test and Trace. ▪ Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell. The area around the person with symptoms must be cleaned with normal household bleach after they have left to reduce the risk of passing the infection on to other people. 		<p>Toilet cleaned after suspected case and then deep cleaned Posters promoting good hygiene visible around the school Spillage of body fluids are cleaned up immediately in line with the Infection Control Policy and Cleaning in non-health care settings guidance.</p>	Staff		
2. Where recommended, use of face coverings in schools					
<ul style="list-style-type: none"> ▪ The government is not recommending universal use of face coverings in all schools. 	<ul style="list-style-type: none"> ▪ Schools should have a process for removing face coverings when those who 	<ul style="list-style-type: none"> ▪ BET has clear guidance for wearing face coverings. 	BET	Sept 20	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> ▪ Schools that teach children in years 7 and above and which are not under specific local restriction measures will have the discretion to require face coverings for pupils, staff and visitors in areas outside the classroom where social distancing cannot easily be maintained, such as corridors and communal areas and it has been deemed appropriate in those circumstances. ▪ Primary school children will not need to wear a face covering. ▪ In primary schools where social distancing is not possible in areas outside of classrooms between members of staff or visitors, for example in staffrooms, head teachers will have the discretion to decide whether to ask staff or visitors to wear, or agree to them wearing face coverings in these circumstances. ▪ Based on current evidence and the measures that schools are already putting in place, such as the system of controls and consistent bubbles, face coverings will not be necessary in the classroom even where social distancing is not possible. Face coverings would have a negative impact on teaching and their use in the classroom should be avoided. ▪ In areas where local lockdowns or restrictions are in place, face coverings should be worn by adults and pupils (in years 7 and above) in areas outside classrooms when moving around communal areas where social distancing is difficult to maintain such as corridors. 	<p>use face coverings arrive at school, and when face coverings are worn at school in certain circumstances. This process should be communicated clearly to pupils and staff.</p> <ul style="list-style-type: none"> ▪ Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use. ▪ Pupils must be instructed not to touch the front of their face covering during use or when removing it and they must dispose of temporary face coverings in a ‘black bag’ waste bin (not recycling bin) or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom. 	<ul style="list-style-type: none"> ▪ Parents advised of school guidance on face masks ▪ All visitors to school wear a mask in public areas. ▪ School has own supply of face masks ▪ Labelled bins at school entrances for disposal of masks in individual plastic bags ▪ Hands washed after masks removed. 	<p>Head</p> <p>Office</p> <p>School community</p>	<p>Sept 20 Updated Nov 20</p> <p>Ongoing</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
	<p>clean their hands regularly?</p> <ul style="list-style-type: none"> ▪ Ensure supervision of hand sanitiser use given risks around ingestion. ▪ Small children and pupils with complex needs should continue to be helped to clean their hands properly. Skin friendly skin cleaning wipes can be used as an alternative. ▪ Sufficient quantities of cleaning supplies and hand soap to be maintained. ▪ All staff will be briefed weekly as a minimum on expected hygiene standards. ▪ All staff instructed to actively monitor to ensure all pupils and colleagues are adhering to principles of good hygiene. 	<p>expectations set out in the Home School Agreement</p> <p>Sufficient hand washing facilities are available. Where a sink is not available, a hand sanitiser is available</p> <p>Keep a close eye on soap supplies</p> <p>Reminder of hygiene standards to pupils and staff each week</p>	Admin to check	Every 2 weeks	
4. Ensure good respiratory hygiene by promoting the ‘catch it, bin it, kill it’ approach.					
<ul style="list-style-type: none"> ▪ The ‘catch it, bin it, kill it’ approach continues to be very important, so schools must ensure that they have enough tissues and bins available in the school to support pupils and staff to follow this routine. ▪ Some pupils with complex needs will struggle to maintain as good respiratory hygiene as their peers, 	<ul style="list-style-type: none"> ▪ Are there enough tissues and bins available in the school to support pupils and staff to follow this routine? 	<p>Catch it Bin it Kill it signs around the school</p> <p>Tissues in all locations</p> <p>Monitoring supplies</p> <p>Flip lid labelled red bins for tissues, emptied regularly.</p>	All	Ongoing

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>frequency of cleaning, using standard cleaning products such as detergents and bleach, paying attention to all surfaces but especially ones that are touched frequently, such as door handles, light switches, work surfaces, remote controls and electronic devices.</p> <ul style="list-style-type: none"> As a minimum, frequently touched surfaces should be wiped down twice a day, and one of these should be at the beginning or the end of the working day. Cleaning should be more frequent depending on the number of people using the space, whether they are entering and exiting the setting and access to handwashing and hand-sanitising facilities. Cleaning of frequently touched surfaces is particularly important in bathrooms and communal kitchens. 	<p>doors cleaned more frequently?</p> <ul style="list-style-type: none"> Are bins are emptied throughout the day? IT equipment should ideally be used by one person as a designated workstation. Where possible IT equipment should be cleaned (wiped down) pre use and at the end of the day. 	<p>ICT suite not in use</p> <p>I pads timetabled with time to clean between bubbles</p> <p>Each bubble has allocated toilet block. Hand washing monitored</p> <p>The SBM arranges enhanced cleaning to be undertaken when required- advice about enhanced cleaning protocols is sought from the local health team</p> <p>The SBM monitors the cleaning standards of the school cleaning contractors and discusses any additional measures linked to the COVID infection.</p>	SBM		
Hazards from using new or different hazardous products					
<ul style="list-style-type: none"> If any new cleaning, sanitisation, or other products are used then they should be assessed as with any other hazardous substance. 	<ul style="list-style-type: none"> Ensure that any hazardous substances that are used because of changes to cleaning or hygiene regimes have a COSHH risk assessment. Ensure that any significant findings or precautions are shared with those using the products. 	<p>All cleaning products will be stored out of reach of children</p> <p>Contractor cleaners have a risk assessment which has been seen by the school and on file</p>	SBM SLT Vervia	Ongoing	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
	<ul style="list-style-type: none"> It should be noted that in most if not all cases these will be lower risk items. 				
Contaminated waste					
<ul style="list-style-type: none"> Contaminated or potentially contaminated waste must be dealt properly to reduce the risk of the spread of coronavirus. 	<ul style="list-style-type: none"> Waste from possible cases and cleaning of areas where possible cases have been (including disposable cloths and tissues) should be double bagged in plastic rubbish bags and ideally then in a bin. It should then be put in a suitable and secure place and marked for storage until the individual's test results are known. You should not put your waste in communal waste areas until negative test results are known or the waste has been stored for at least 72 hours. If the individual tests negative, this can be put in with the normal waste If the individual tests positive, then store it for at least 72 hours and put in with the normal waste 	<p>Recap of training for all staff on the safe disposal of waste products/used PPE</p> <p>Outside specific labelled bin for PPE equipment. Follow government guidance on how to store and left for 72 hours</p>	Head	INSET 2/09/20 10/11/20	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
	<ul style="list-style-type: none"> If storage for at least 72 hours is not appropriate, arrange for collection as a Category B infectious waste either by your local waste collection authority or contractor. 				
6. Minimise contact between individuals and maintain social distancing wherever possible.					
Maintaining groups or bubbles					
<ul style="list-style-type: none"> Minimising contacts and mixing between people reduces transmission of coronavirus (COVID-19). Schools must do everything possible to minimise contacts and mixing while delivering a broad and balanced curriculum. The overarching principle to apply is reducing the number of contacts between children and staff. This can be achieved through keeping groups separate (in 'bubbles') and through maintaining distance between individuals. These are not alternative options and both measures will help. Maintaining consistent groups remains important, but given the decrease in the prevalence of coronavirus (COVID-19) and the resumption of the full range of curriculum subjects, schools may need to change the emphasis on bubbles within their system of controls and increase the size of these groups. Primary schools may be able to implement smaller groups the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to 	<ul style="list-style-type: none"> Consider the minimum size groups you can manage whilst delivering the curriculum. Can consistent groups be maintained wherever possible? Groups should be kept apart from other groups. This could be through using different parts of the school for each group, limiting sharing of rooms and social spaces, varying break and lunch times and limiting movement between lessons. Social distancing should be reinforced within groups, particularly for older children. 	<p>Year group bubbles/COIN bubble so no mixing in the afternoons</p> <p>Track and trace record sheet in each bubble</p> <p>Pupils reminded of the importance to social distance</p> <p>Red hazard marking around the teacher area</p> <p>If staff or pupils cannot maintain distancing, especially with younger pupils the risk is reduced by keeping pupils in smaller groups and limiting interaction to under 15 minutes</p> <p>Staff should only move between bubbles when necessary. Where possible they should try and keep their distance from pupils and other staff, ideally 2 metres from adults.</p>	<p>All staff</p> <p>Parents</p>	<p>Autumn 20</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>isolate should someone in a group become ill with coronavirus (COVID-19).</p> <ul style="list-style-type: none"> ▪ In secondary schools, and certainly in the older age groups at key stage 4 and key stage 5, the groups are likely to need to be the size of a year group to enable schools to deliver the full range of curriculum subjects and students to receive specialist teaching. If this can be achieved with small groups, they are recommended. ▪ In the younger years at secondary (key stage 3), schools may be able to implement smaller groups the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in a group become ill with coronavirus (COVID-19). ▪ Schools should assess their circumstances and if class-sized groups are not compatible with offering a full range of subjects or managing the practical logistics within and around school, they can look to implement year group sized 'bubbles'. ▪ Whatever the size of the group, they should be kept apart from other groups where possible and older children should be encouraged to keep their distance within groups. ▪ Schools with the capability to do it should take steps to limit interaction, sharing of rooms and social spaces between groups as much as possible. ▪ When using larger groups, the other measures from the system of controls become even more important, to minimise transmission risks and to 	<ul style="list-style-type: none"> ▪ Where staff need to move between groups are they able to maintain their distance as much as possible and ideally 2 metres from pupils and other adults? 	<p>Adults to avoid close face to face contact and minimise time spent within 1 metre</p> <p>Classrooms and other learning environments are organised to maintain space between seats and desks where possible.</p> <p>Pupils are seated side by side and facing forwards, rather than face to face or side on.</p> <p>Large gatherings such as assemblies are avoided and where possible, presented virtually.</p> <p>Bubble groups kept apart.</p> <p>Maximise the number of lessons or classroom activities which could take place outdoors</p> <p>No parents on site unless with an arranged appointment</p> <p>Staggered break and lunch times</p> <p>Breakfast and after school club aware of children in year groups/siblings or need to social distance</p> <p>No after school activity clubs</p> <p>The use of staff rooms and offices is staggered to limit occupancy.</p> <p>Visitors to the site, such as contractors, local authority employees and health employees to be fully briefed on the school's</p>		Ongoing	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>minimise the numbers of pupils and staff who may need to self-isolate. It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group.</p> <ul style="list-style-type: none"> ▪ Both the approaches of separating groups and maintaining distance are not ‘all-or-nothing’ options and will still bring benefits even if implemented partially. Some schools may keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport, or for boarding pupils in one group residentially and another during the school day. Siblings may also be in different groups. Endeavouring to keep these groups at least partially separate and minimising contacts between children will still offer public health benefits as it reduces the network of possible direct transmission. ▪ All teachers and other staff can operate across different classes and year groups to facilitate the delivery of the school timetable. This will be particularly important for secondary schools. Where staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults. Again, we recognise this is not likely to be possible with younger children and teachers in primary schools can still work across groups if that is needed to enable a full educational offer. 		<p>arrangements and follow site guidance on physical distancing</p>			

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
Measures within the classroom					
<ul style="list-style-type: none"> ▪ Maintaining a distance between people whilst inside and reducing the amount of time they are in face to face to contact lowers the risk of transmission. ▪ It is strong public health advice that staff in secondary schools maintain distance from their pupils, staying at the front of the class, and away from their colleagues where possible. Ideally, adults should maintain 2 metre distance from each other, and from children. ▪ This is not always possible, particularly when working with younger children, but if adults can do this when circumstances allow that will help. In particular, they should avoid close face to face contact and minimise time spent within 1 metre of anyone. Similarly, it will not be possible when working with many pupils who have complex needs or who need close contact care. These pupils' educational and care support should be provided as normal. ▪ For children old enough, they should also be supported to maintain distance and not touch staff and their peers where possible. This will not be possible for the youngest children and some children with complex needs and it is not feasible in some schools where space does not allow. Schools doing this where they can, and even doing this some of the time, will help. ▪ When staff or children cannot maintain distancing, particularly with younger children in primary 	<ul style="list-style-type: none"> ▪ Small adaptations can be made in classrooms to support distancing where possible, for example seating pupils side by side and facing forwards, rather than face to face or side on, and might include moving unnecessary furniture out of classrooms to make more space. ▪ A 2m space around the teacher's desk should be maintained wherever possible. ▪ Consider if moving furniture will also allow for better access routes maximising distance from other desks etc. ▪ All spaces should be well ventilated using windows etc where possible. See also notes on air conditioning in premises section below. 	<p>Pupils use the same classroom or defined area of a setting throughout the day, with a thorough cleaning of the rooms at the end of the day.</p> <p>Pupils sitting at desk per 2 facing forward (Year 2 upwards)</p> <p>Horseshoe tables maximum 3 but with no staff facing children</p> <p>Red hazard marker 2m area around teacher work space</p> <p>Windows and exit doors open for ventilation</p> <p>Each bubble has own allocated toilet</p> <p>Shared resources kept to essential for learning</p> <p>Resources wiped down regularly in day</p> <p>Excess furniture removed if not being used</p> <p>Older pupils encouraged to social distance</p> <p>Reading books stay within bubble for whole week. Measures elsewhere					
<ul style="list-style-type: none"> ▪ Groups should be kept apart, meaning that schools should avoid large gatherings such as assemblies or collective worship with more than one group. ▪ When timetabling, groups should be kept apart and movement around the school site kept to a minimum. While passing briefly in the corridor or playground is low risk, schools should avoid creating busy corridors, entrances and exits. Schools should also consider staggered break times and lunch times (and time for cleaning surfaces in the dining hall between groups). ▪ Schools should also plan how shared staff spaces are set up and used to help staff to distance from each other. Use of staff rooms should be minimised, although staff must still have a break of a reasonable length during the day. 	<ul style="list-style-type: none"> ▪ Ensure that large gatherings involving more than one group are avoided ▪ Plan timetables to minimise groups using corridors at the same time, including staggering break and lunch times. ▪ Plan time for cleaning between groups using shared spaces. ▪ Consider how staff rooms can be set up to maintain distancing. 	<p>No whole school assemblies. Use of TEAMS Class assemblies at desks not on the carpet Timetables in place for break/lunch/staggered start and finish times Created additional staff rooms Clear signage reminding staff and pupils of the importance of social distancing Corridors-social distancing signs, keep to the left, traffic lights No wandering outside of bubbles COIN outside agencies- provision on EHCP and will be in slots of under 15 minutes as children could find staying more than 1m apart a challenge School Offices- limit people staff to sit at least 1m apart and not facing each other.</p>	<p>SLT SENCO Staff</p>	<p>Ongoing Autumn 20</p>

Measures for arriving at and leaving school					
<ul style="list-style-type: none"> ▪ Travel to school patterns differ greatly between schools. If those patterns allow, schools should consider staggered starts or adjusting start and finish times to keep groups apart as they arrive and leave school. Staggered start and finish times should not reduce the amount of overall teaching time. ▪ Schools should also have a process for removing face coverings when pupils and staff who use them arrive at school and communicate it clearly to them. Pupils must be instructed not to touch the front of their face covering during use or when removing them. They must wash their hands immediately on arrival (as is the case for all pupils), dispose of temporary face coverings in a covered bin or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom. 	<ul style="list-style-type: none"> ▪ Consider staggered starts or adjusting start and finish times to keep groups apart. ▪ A staggered start may, for example, include condensing / staggering free periods or break time but retaining the same amount of teaching time, or keeping the length of the day the same but starting and finishing later to avoid rush hour. ▪ Consider how to communicate this to parents and reinforce it, as necessary. ▪ Ensure procedures are in place for removal of face coverings when arriving at school. 	<p>Pupils have allocated drop off/pick up zones. Staggered start and finish times Communicated to parents and visible on school website Pupils met by staff members No parents on site (exception at pick up time-in allocated zone) Parents wear face masks when dropping off and collecting pupils Staff wear face masks when greeting pupils Speak to parents on an individual basis to advise removal of face masks from pupils on arrival Bins at all entrances for removed face coverings. <p>test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace.</p> <ul style="list-style-type: none"> ▪ Self-isolate if they have been in close contact with someone who tests positive for COVID-19, or if anyone in their household develops symptoms of COVID-19. ▪ Schools should ask parents and staff to inform them immediately of the results of a test if: <ul style="list-style-type: none"> ▪ If someone tests negative, if they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating. They could still have another virus, such as a cold or flu – in which case it is still best to avoid contact with other people until they are better. Other members of their household can stop self-isolating. ▪ If someone tests positive, they should follow the guidance for households with possible or confirmed coronavirus (COVID-19) infection and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 14 days. 	<p>school of the results of any test as soon as possible?</p> <ul style="list-style-type: none"> ▪ Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. ▪ Home testing kits can be given directly to parents/carers collecting a child who has developed symptoms at school, or staff who have developed symptoms at school, where this will significantly increase the likelihood of testing taking place. 	<p>(COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough can last for several weeks once the infection has gone. Other members of their household should continue self-isolating for the full 14 days. Provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace Staff advised how to download NHS Track and Trace APP Contact details of local health team visible in school Parents advised in weekly newsletters how to get a test if needed</p>			

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>for more on grouping pupils). This should be a proportionate recording process.</p> <ul style="list-style-type: none"> ▪ Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms. If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 14-day isolation period they should follow ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’. They should get a test, and: <ul style="list-style-type: none"> ▪ if the test delivers a negative result, they must remain in isolation for the remainder of the 14-day isolation period. This is because they could still develop the coronavirus (COVID-19) within the remaining days. ▪ if the test result is positive, they should inform their setting immediately, and must isolate for at least 10 days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 14-day isolation period). Their household should self-isolate for at least 14 days from when the symptomatic person first had symptoms, following ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ ▪ Schools should not request evidence of negative test results or other medical evidence before admitting 					

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>children or welcoming them back after a period of self-isolation.</p> <ul style="list-style-type: none"> In the majority of cases, schools and parents will be in agreement that a child with symptoms should not attend school, given the potential risk to others. In the event that a parent or guardian insists on a child attending school, schools can take the decision to refuse the child if in their reasonable judgement it is necessary to protect their pupils and staff from possible infection with coronavirus (COVID-19). Any such decision would need to be carefully considered in light of all the circumstances and the current public health advice. More guidance is available: What to do if a pupil is displaying symptoms of coronavirus (COVID-19). 					
<p>10. Contain any outbreak by following local health protection team advice</p>					
<ul style="list-style-type: none"> If schools have two or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak, and must continue to work with their local health protection team who will be able to advise if additional action is required. In some cases, health protection teams may recommend that a larger number of other pupils self-isolate at home as a precautionary measure – perhaps the whole site or year group. If schools are implementing controls from this list, addressing the risks they have identified and therefore reducing transmission risks, whole school closure based on cases within the school will not generally be 	<ul style="list-style-type: none"> Ensure there are contingency procedures in place for an outbreak considering partial or full closure, on the advice of health protection teams. 	<p>Local Protection Team number in Head office</p> <p>Listen to advice from the health protection team on need for full or partial closure</p> <p>Put in place necessary cleaning regime</p> <p>Home learning packs available in each bubble</p> <p>If teacher well TEAMS lessons will take place</p>	<p>Head</p> <p>Staff</p> <p>SBM</p> <p>BET</p>	<p>Straight away</p>

necessary, and should not be considered except on the advice of health protection teams.					
SECTION 2: SCHOOL OPERATIONS					
Transport					
Dedicated school transport					
<ul style="list-style-type: none"> ▪ From the autumn term, local authorities will not be required to uniformly apply the social distancing guidelines for public transport, on dedicated school or college transport. However, distancing should still be put in place within vehicles wherever possible. This will help to both minimise disease transmission risks and maintain consistent reinforcement of public health messaging to children and staff, particularly at the point where they are leaving school and heading back into the community each day. ▪ Additional guidance now available Transport to school and other places of education: autumn term 2020. 	<ul style="list-style-type: none"> ▪ How pupils are grouped together on transport, where possible this should reflect the bubbles that are adopted within school ▪ Use of hand sanitiser upon boarding and/or disembarking ▪ Additional cleaning of vehicles ▪ Organised queuing and boarding where possible ▪ Maximise social distancing within vehicles wherever possible ▪ Through ventilation of fresh air (from outside the vehicle) is maximised, particularly through opening windows and ceiling vents ▪ Children and young people aged 11 and over are advised to wear a face covering when travelling on dedicated transport. 	<p>Parents have been advised to not bring other children with them in a car from a different bubble</p> <p>Actively promote children walking to school for health reasons and reduce parking near allocated drop off points</p> <p>Monitor parking to be respectful to local residents</p> <p>COIN travel to school in a KS1 or KS2 vehicle. Head of COIN in contact with Surrey transport</p> <p>Asked for copy of Surrey transport risk assessments</p> <p>Children wash hands after exiting vehicle</p> <p>Children are collected by staff from vehicle</p> <p>All drivers and school staff wear face masks</p>	<p>Head</p> <p>Head of COIN</p>	<p>Autumn 20</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
	<ul style="list-style-type: none"> Ensure the transport provider is aware of any timetable changes and are adhering to government guidelines. Seek a copy of their risk assessment and operating plan. 				
Public transport					
<ul style="list-style-type: none"> In many areas, pupils normally make extensive use of the wider public transport system, particularly public buses. We expect that public transport capacity will continue to be constrained in the autumn term. Its use by pupils, particularly in peak times, should be kept to an absolute minimum. Schools should work with partners to consider staggered start times to enable more journeys to take place outside of peak hours. We recognise that this option will be more feasible in some circumstances than others. 	<ul style="list-style-type: none"> Can school start / end times be staggered to avoid peak times? Encourage parents, staff, and pupils to walk or cycle to school if possible. Consider using 'walking buses' Work with the local authority to promote safe cycling routes. Advise persons using public transport to follow safer travel guidance. 	SIMS shows only 1 family use public transport- follow government advice	Parents	Ongoing	
Pupils who are shielding or self-isolating					
<ul style="list-style-type: none"> We now know much more about coronavirus (COVID-19) and so in future there will be far fewer children and young people advised to shield whenever community transmission rates are high. A small number of pupils will still be unable to attend in line with public health advice because they are self-isolating 	<ul style="list-style-type: none"> Identify any pupils who may not be able attend school Ensure there is provision for remote education. Monitor engagement with remote education. 	Ensure regular contact between home and school REMA support visiting traveller site to encourage and reassure parents about returning to school Parents advised attendance is compulsory	Head Staff REMA support	Ongoing	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> ▪ Shielding advice for all adults and children will pause on 1 August 2020, subject to a continued decline in the rates of community transmission of coronavirus (COVID-19). This means that even the small number of pupils who will remain on the shielded patient list can also return to school, as can those who have family members who are shielding. ▪ If rates of the disease rise in local areas, children (or family members) from that area, and that area only, will be advised to shield during the period where rates remain high and therefore, they may be temporarily absent. ▪ Some pupils no longer required to shield but who generally remain under the care of a specialist health professional may need to discuss their care with their health professional before returning to school. ▪ Since shielding advice has paused nationally, except in a very few areas where the implementation of local restrictions is ongoing, all previously affected children should be able to return to school except where individual clinical advice not to do so has been provided. ▪ Where children are not able to attend school as parents and carers are following clinical or public health advice, for example, self-isolation or family isolation, the absence will not be penalised. 	<ul style="list-style-type: none"> ▪ Discuss and engage with pupils and their parents regarding any concerns around returning to school. ▪ Communicate attendance expectations on school attendance. 	<ul style="list-style-type: none"> ▪ Learning will be provided if a child cannot attend for medical reasons with supporting evidence ▪ Head will speak to parents on an individual basis ▪ 			
Pupils and families who are anxious about return to school					
<ul style="list-style-type: none"> ▪ Schools should bear in mind the potential concerns of pupils, parents and households who may be reluctant or anxious about returning and put the 	<ul style="list-style-type: none"> ▪ Consider sharing the risk assessment and significant findings with parents or via 	Risk assessment on website Safety measures in weekly staff and parent newsletters	Head SLT	Autumn term 20	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>right support in place to address this. This may include pupils who have themselves been shielding previously but have been advised that this is no longer necessary, those living in households where someone is clinically vulnerable, or those concerned about the comparatively increased risk from coronavirus (COVID-19), including those from Black, Asian and Minority Ethnic (BAME) backgrounds or who have certain conditions such as obesity and diabetes.</p> <ul style="list-style-type: none"> If parents of pupils with significant risk factors are concerned, we recommend schools discuss their concerns and provide reassurance of the measures they are putting in place to reduce the risk in school. Schools should be clear with parents that pupils of compulsory school age must be in school unless a statutory reason applies (for example, the pupil has been granted a leave of absence, is unable to attend because of sickness, is absent for a necessary religious observance). 	<p>the school’s website. The risk assessment should be shared on request.</p> <ul style="list-style-type: none"> Individual discussions around concerns can help to allay fears. 	<p>Head communicating on an individual basis with concerned parents</p>			
School workforce					
Staff who are extremely clinically vulnerable					
<ul style="list-style-type: none"> Where schools implement the system of controls outlined in this document, in line with their own workplace risk assessment, PHE and DHSC confirm that these measures create an inherently safer environment for children and staff where the risk of transmission of infection is substantially reduced. Rates of community transmission of coronavirus (COVID-19) are now reduced to levels below those seen when shielding was introduced. Shielding 	<ul style="list-style-type: none"> Use government advice on shielding and protecting people for those who extremely clinically vulnerable. Use government advice for those who are clinically vulnerable including pregnant women. 	<p>Follow government guidance Individual risk assessments to be updated Consider where adults can be deployed in school (low risk) Safety measure training held regularly Weekly safety measure updates to staff</p>	<p>SBM SLT</p>	<p>Bi Weekly</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>measures were paused from the 1 August 2020, with the exception of areas where local lockdown means that shielding will continue.</p> <ul style="list-style-type: none"> Therefore, we advise that those who are clinically extremely vulnerable can return to school in the autumn term provided their school has implemented the system of controls outlined in this document, in line with the school's own workplace risk assessment. In all respects, the clinically extremely vulnerable should now follow the same guidance as the clinically vulnerable population, taking particular care to practise frequent, thorough hand washing, and cleaning of frequently touched areas in their home or workspace. 	<ul style="list-style-type: none"> Most school-based roles are not ideally suited to home working and schools may expect most staff to return to work in settings. School leaders should discuss any concerns individuals may have around their particular circumstances and reassure staff about the protective measures in place. 	<p>Line manager meetings to discuss concerns and actions</p>			
Staff who are clinically vulnerable					
<ul style="list-style-type: none"> Clinically vulnerable staff can return to school in the autumn term. While in school they should follow the sector-specific measures in this document to minimise the risks of transmission. This includes taking particular care to observe good hand and respiratory hygiene, minimising contact, and maintaining social distancing in line with the provisions set out in section 6 of the 'prevention' section of this guidance. This provides that ideally, adults should maintain 2 metre distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. While the risk of transmission between young children and adults is likely to be low, adults should continue to take care to socially 	<ul style="list-style-type: none"> Use government advice on shielding and protecting people for those who extremely clinically vulnerable. Use government advice for those who are clinically vulnerable including pregnant women. Most school-based roles are not ideally suited to home working and schools may expect most staff to return to work in settings. School leaders should discuss any concerns 	<p>Safety measures advice given Social distancing in place in communal areas Risk assessment conducted Line manager meetings to discuss concerns and actions</p>	<p>Head SLT Staff Line managers</p>	<p>Autumn term 20</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>distance from other adults including older children/adolescents.</p> <ul style="list-style-type: none"> People who live with those who are clinically extremely vulnerable or clinically vulnerable can attend the workplace. 	<p>individuals may have around their particular circumstances and reassure staff about the protective measures in place.</p>				
Staff who are pregnant					
<ul style="list-style-type: none"> Pregnant women are in the 'clinically vulnerable' category and are generally advised to follow general advice, which applies to all staff in schools. The Royal College of Obstetrics and Gynaecology (RCOG) has published occupational health advice for employers and pregnant women. This document includes advice for women from 28 weeks gestation or with underlying health conditions who may be at greater risk. We advise employers and pregnant women to follow this advice and to continue to monitor for future updates to it. 	<ul style="list-style-type: none"> Employers should conduct a risk assessment for pregnant women. For staff who are in the third trimester (more than 28 weeks' pregnant) you should be particularly attentive to social distancing. 	<p>Risk assessment in place</p> <p>Two weekly meetings with SLT</p>	Head	Ongoing	
Staff who may otherwise be at increased risk from coronavirus (COVID-19)					
<ul style="list-style-type: none"> Some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the COVID-19: review of disparities in risks and outcomes report, which looked at different factors including age and sex, where people live, deprivation, ethnicity, people's occupation and care home residence. These staff can return to school in the autumn term as long as the system of controls set out in this guidance are in place. The reasons for the disparities are complex and there is ongoing research to 	<ul style="list-style-type: none"> Consideration should be given to summarising risk and measures by role as indicated in the persons covered section at the start of this risk assessment. Where there is a specific concern an individual risk assessment may be appropriate but this should 	<p>Safety measures in place</p> <p>Open communication with SLT</p> <p>Regular reviews of risk assessment by school and BET</p> <p>Awareness to staff of the employer assistance programme</p>	Head BET	Ongoing	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>understand and translate these findings for individuals in the future.</p> <ul style="list-style-type: none"> People who live with those who have comparatively increased risk from coronavirus (COVID-19) can attend the workplace. Schools have a legal obligation to protect their employees, and others, from harm and should continue to assess health and safety risks and consider how to meet equalities duties in the usual way. Following the steps in this guidance will mitigate the risks of coronavirus (COVID-19) to pupils and staff and help schools to meet their legal duties to protect employees and others from harm. 	<p>be based on clear medical or specific need.</p>				
Staff working remotely					
<ul style="list-style-type: none"> Where staff do work remotely, employer health and safety responsibilities still apply. 	<ul style="list-style-type: none"> All staff working remotely to undertake DSE assessment and home working checklist. All staff to be provided guidance on setting up a safe and suitable work area. Ensure regular communication with staff working remotely. 	<p>All staff completed DSE assessment and home working checklist All staff in school in September if fit and well TEAMS to continue to be used to enable remote working if necessary</p>	<p>Head SLT SBM</p>	<p>SEPT</p>	
Supporting staff					
<ul style="list-style-type: none"> Governing boards and school leaders should have regard to staff (including the headteacher) work-life balance and wellbeing. Schools should ensure they have explained to all staff the measures they are 	<ul style="list-style-type: none"> Be aware of the wellbeing of all staff, including senior leaders themselves, and the need to implement flexible working practices 	<p>Regular keeping in touch meetings Line managers to regularly check in with their teams and feedback to SLT any concerns</p>	<p>SLT Staff</p>	<p>Weekly / as needed</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>proposing putting in place and involve all staff in that process.</p> <ul style="list-style-type: none"> All employers have a duty of care to their employees, and this extends to their mental health. Schools already have mechanisms to support staff wellbeing and these will be particularly important, as some staff may be particularly anxious about returning to school. 	<p>in a way that promotes good work-life balance and supports teachers and leaders.</p> <ul style="list-style-type: none"> Workload should be carefully managed and assess whether staff who are having to stay at home due to health conditions are able to support remote education, while others focus on face-to-face provision. Consider where additional resource could be safely brought in if necessary. Ensure regular communication and consultation with all staff Ensure staff know where to get additional support e.g. counselling or helplines. 	<p>Well-being questionnaire every 6 weeks Well-being of staff monitored by governors Ensure holidays are protected SLT monitor staff work life balance Minimal marking and verbal feedback to continue School has a range of resources (Hamilton Power Maths WRMH) to support planning Access to Employee Assistance programme</p>			
Deploying support staff, accommodating visiting specialists, supply teacher and other temporary or peripatetic teachers					
<ul style="list-style-type: none"> Schools should ensure that appropriate support is made available for pupils with SEND, for example by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups. Supply staff and other temporary workers can move between schools, but school leaders will want to 	<ul style="list-style-type: none"> Where visiting teachers, support staff or specialists are working with multiple schools' particular attention should be given to social distancing and hygiene measures. 	<p>Needs on EHCPs met in class SEND support strong through quality first teaching Effective deployment of support staff</p>	<p>Staff Outside agencies</p>	<p>Ongoing</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>consider how to minimise the number of visitors to the school where possible.</p> <ul style="list-style-type: none"> ▪ Where it is necessary to use supply staff and to welcome visitors to the school such as peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to maintain distance from other staff and pupils. ▪ To minimise the numbers of temporary staff entering the school premises, and secure best value, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year. ▪ This advice for supply teachers also applies to other temporary staff working in schools such as support staff working on a supply basis, peripatetic teachers such as sports coaches, and those engaged to deliver before and after school clubs. 		<p>Outside agencies wear PPE and social distance. Contact details taken when signing in</p>			
Catering					
<ul style="list-style-type: none"> ▪ We expect that kitchens will be fully open from the start of the autumn term and normal legal requirements will apply about provision of food to all pupils who want it, including for those eligible for benefits-related free school meals or universal infant free school meals. ▪ School kitchens can continue to operate but must comply with the guidance for food businesses on coronavirus (COVID-19). 	<ul style="list-style-type: none"> ▪ Confirm with catering provider that all relevant safety procedures are in place and that they are adhering to government guidelines ▪ Ensure that catering providers are aware of any changes to lunch times and operating practices you have made. 	<p>Parents have indicated if they want a school dinner in September Catering provided on school site Head meet regularly with catering lead to discuss school timetables Catering staff serve and step back from counter. Staff take food to pupils Additional table in front of the counter to ensure social distancing from staff</p>	<p>SLT SMB Catering lead</p>	<p>SEPT</p>

Estates / Premises					
Maintenance					
<ul style="list-style-type: none"> We do not consider it necessary for schools to make significant adaptations to their site to enable them to welcome all children back to school. We also do not think schools will need to deliver any of their education on other sites (such as community centres / village halls) because class sizes can return to normal and spaces used by more than one class or group can be cleaned between use. 	<ul style="list-style-type: none"> Continue with normal maintenance and inspection activities, including contractor visits ensuring that statutory maintenance and inspection is carried out. Consider if additional equipment such as wash basins, sanitising stations, or bins etc will be needed. 	Site Manager to continue to lead on compliance areas for the school. <ul style="list-style-type: none"> 6-month fire system test completed Summer testing 2020 <ul style="list-style-type: none"> Security Asbestos Electronic doors PAT Testing Legionella Fire Safety training INSET	Head SBM Site Manager	Ongoing 2/09/20	
Ventilation					
<ul style="list-style-type: none"> Once the school is in operation, it is important to ensure good ventilation. In classrooms, it will be important that schools improve ventilation (for example, by opening windows). HSE advice states that the risk of air conditioning spreading coronavirus is extremely low. If you use a centralised ventilation system that removes and circulates air to different rooms, it is recommended 	<ul style="list-style-type: none"> If air handling systems that move air between rooms are used that set them to use a fresh air supply and do not recirculate air. Standalone room units can operate as normal. Ensure any filters in ventilation or air 	Windows and exit doors in bubbles open to increase ventilation. Posters in classrooms to remind As weather gets colder- open high level windows During periods of no occupancy open windows and doors	All staff	Ongoing

<ul style="list-style-type: none"> Other emergency procedures e.g. lockdown should be reviewed as required. 	beneficial e.g. by group and especially for new pupils to the school.	Allocated fire marshals who have regular training Fire Safety training INSET		2/09/20	
First aid and care provision					
<ul style="list-style-type: none"> The school must maintain suitable first aid and where needed paediatric first aid cover as normal. Social distancing and hygiene control measures must be maintained so far as is reasonably practicable when providing first aid. If staff need to escort pupils to the welfare room then social distancing and hygiene should be maintained. If this is not possible, then PPE should be used. All first aid equipment will always be accessible. Children, young people, and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way If a child, young person, or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home then a fluid-resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn. 	<ul style="list-style-type: none"> Consider limiting numbers in first aid rooms, cleaning the area after treatment, PPE for first aiders and thorough hand washing. PPE can include masks, gloves, aprons, goggles, or face shields. Have first aiders and welfare staff been made aware of the measures in place and been provided with appropriate training and equipment. Incidents must be recorded as per the school's normal arrangements. 	First aid caddies for basic first aid is available in the classrooms. Gloves and masks to wear when administering first aid All staff completed face to face first aid training or completed Educare course Additional paediatric training completed by member of staff First aid incidents recorded in bubbles Additional first aid point for first aid that cannot be administered in bubbles Isolation room available (staff wear full PPE)	SLT Staff	SEPT 20

School uniform					
<ul style="list-style-type: none"> It is for the governing body of a school (or the academy trust, in the case of academies) to make decisions regarding school uniform. Some schools may have relaxed their uniform policy while only certain categories of pupils were attending. We would, however, encourage all schools to return to their usual uniform policies in the autumn term. Uniform can play a valuable role in contributing to the ethos of a school and setting an appropriate tone. 	<ul style="list-style-type: none"> Uniforms do not need to be cleaned any more often than usual, nor do they need to be cleaned using methods which are different from normal. 	<p>All children are required to wear full uniform when returning to school.</p> <p>Children allowed to wear additional layers under uniform to keep them warm with increased ventilation</p> <p>Parents advised that school uniform should be clean each day</p> <p>Support for providing second hand good quality uniform in place for vulnerable children/support parents with financial difficulties</p> <p>If uniform purchased from school and returned, it will be left for 72 hours (in SBM office)</p>	All pupils	SEPT 20	
Wraparound provision and extra-curricular activity					
<ul style="list-style-type: none"> Schools should work to resume any breakfast and after-school provision, where possible, from the start of the autumn term. Schools should also work closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can be kept in a group with other children from the same bubble they are in during the school day. Schools can consult the guidance produced for providers who run community activities, holiday clubs, after-school clubs, tuition, and other out-of-school provision for children, as much of this will be useful in planning extra-curricular provision. This 	<ul style="list-style-type: none"> If it is not possible or practical to maintain the same bubbles being used during the school day (for example, if the number of bubbles in place during the school day prove impractical to adopt within the wraparound provision) then providers should maintain small, consistent groups. 	<p>School run breakfast club in place.</p> <p>Hand washing on arrival and before leaving</p> <p>Children socially distanced into year group or sibling bubbles. All have own resources.</p> <p>Room cleaned after club</p> <p>All spaces are pre booked with contact details</p> <p>After school club run by outside agency The GAP Club</p> <p>Ofsted registered</p>	<p>Head</p> <p>Staff</p> <p>Gap Club</p>	Ongoing

<p>includes schools advising parents to limit the number of different out-of-school settings providers they access, as far as possible.</p> <ul style="list-style-type: none"> Where schools are satisfied that it would be safe to do so, they may choose to open up or hire out their premises for use by external bodies or organisations, such as external coaches or after-school or holiday clubs or activities. In doing so, schools should ensure they are considering carefully how such arrangements can operate within their wider protective measures and should also have regard to any other relevant government guidance. For example, where opening up school leisure facilities for external use, ensuring they do so in line with government guidance on working safely during coronavirus (COVID-19) for providers of grassroots sport and gym or leisure facilities. Additional guidance is available: Protective measures for holiday or after-school clubs and other out-of-school settings for children during the coronavirus (COVID-19) outbreak. 	<ul style="list-style-type: none"> Where parents use childcare providers or out of school extra-curricular activities for their children, schools should encourage parents and carers to seek assurance that the providers are carefully considering their own protective measures, and children should only attend settings that can demonstrate this. When hiring out or letting premises consider what additional cleaning and hygiene measures are needed. Any hirers should be informed of hygiene and social distancing measures, but also that they must follow relevant government guidance for their activity. 	<p>Children in year group bubbles with own resources Hand washing on arrival and before leaving School has copy of club risk assessment Half termly meetings with club and Head to monitor provision and safety measures in place</p>			
Curriculum expectations					
Music					
<ul style="list-style-type: none"> Schools should note that there may be an additional risk of infection in environments where you or others are singing, chanting, playing wind or brass instruments or shouting. 	<ul style="list-style-type: none"> Play outdoors where possible If playing indoors limit the numbers in relation to the 	<p>Music lessons will not be taught in the Autumn term Music lead to review the Charanga music program.</p>	<p>Head Music lead</p>	<p>SEPT 20</p>	

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<ul style="list-style-type: none"> ▪ Singing, wind and brass instrument playing can be undertaken in line with this and other guidance, in particular guidance provided by the DCMS for professionals and non-professionals, available at working safely during coronavirus (COVID-19): performing arts. ▪ Schools that offer specialist, elite provision in music, dance and drama may also wish to consider this guidance alongside the DCMS guidance on the performing arts. ▪ You must do everything possible to minimise contacts and mixing. Your overarching objective should be to reduce the number of contacts between pupils/students and staff. This can be achieved through keeping groups separate (in bubbles) and through maintaining the social distance between individuals. ▪ Although singing and playing wind and brass instruments do not currently appear to represent a significantly higher risk than routine speaking and breathing at the same volume, there is now some evidence that additional risk can build from aerosol transmission with volume and with the combined numbers of individuals within a confined space. This is particularly evident for singing and shouting. ▪ Individual lessons in music, dance and drama can resume in schools, FE colleges and organisations providing out of school childcare. This may mean teachers interacting with pupils from multiple groups, so you will need to take particular care, in 	<p>space, use a large a room as possible, maximise ventilation.</p> <ul style="list-style-type: none"> ▪ In the smaller groups where these activities can take place, schools should observe strict social distancing between each singer and player, and between singers and players, and any other people such as conductors, other musicians, or accompanists. Current guidance is that if the activity is face-to-face and without mitigating actions, 2 metres is appropriate. ▪ Pupils should be positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) whenever possible. Position wind and brass players so that the air from their instrument does not blow into another player. ▪ Use microphones where possible or encourage singing quietly. 	<p>Music appreciation to be taught. Curriculum lead to work with music specialist to ensure that gaps are considered when the music curriculum is restarted. Singing assembly will not take place. Choir will be reviewed in line with any new government guidance.</p>			

Guidance	Measures to consider	What do you need to do at your school to manage this	Who will do this?	By when?	Completed on:
<p>line with the measures set out above on peripatetic teachers.</p>	<ul style="list-style-type: none"> ▪ Requiring increased handwashing before and after handling equipment, especially if being used by more than one person. Avoid sharing instruments where possible, and limit handling of music scores etc. ▪ Singing, wind and brass playing should not take place in larger groups such as choirs and ensembles, or assemblies unless significant space, natural airflow (at least 10l/s/person for all present, including audiences) and strict social distancing and mitigation can be maintained. 				
Physical activity in schools					
<ul style="list-style-type: none"> ▪ Schools have the flexibility to decide how physical education, sport and physical activity will be provided whilst following the measures in their system of controls. ▪ Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene. This is particularly important in a sport setting because of 	<ul style="list-style-type: none"> ▪ Prioritise outdoor sports wherever possible. ▪ Large indoor spaces can be used, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible) 	<p>PE will take place outdoors PE provider working across different year groups.
