Do you feel that you can contact your child's class teacher if required?

Yes	107
No	1

Please rate the school's overall approach to the current lockdown. (1 = very bad, 5 = very good)

4.81 Average Rating

### **What is the school doing well? (Some parent comments)**

- Our school always has the children's best interests at heart and always tells us of any changes as soon as they know. The Teams sessions are working really well.
- High quality of online lessons, inclusive approach, good communication, providing children with reassurance and support needed at this time
- Everything from prioritizing the health and wellbeing of the children and staff to supporting me and offering me the resources and assistance I need to be able to complete my sons school work at home.
- Super quick to get home learning sent out to the children. The remote offer was clear and quickly implemented. Regular communications from senior leadership and class teacher.
- Flexibility with parents, providing work and clear instructions. Well organised online learning.
- Personal attention to each pupil.
- The weekly newsletter is excellent providing timely information and tailored perfectly for the school community. The COVID tab on the website is a very good central source of information for parents.
- Helping single parents with food and checking up how we are coping etc. printing out school work.
- The school is doing a brilliant job, keeping the children safe and still have a high standard for learning at this difficult time
- Quick response to lockdown, with home learning packs already ready to use. Remote offer was very clear and again quick to be implemented. Support has been offered at every stage and the feedback/ opinions of parents has been sort and used. The school is actively trying to keep the community feel of school going despite all the setbacks.

### **How can we support more with your child's home learning? (Parent suggestions)**

- More work packs (paper form) not just online (teams) learning.
- More online live lessons
- Marking and feedback in a more structured format.
